# Results of the connectathon

## No communication of failures

- We simply forget

## IHE communicates results at the company level

- IHE will not tell you which system participated at the connectathon.

## Advanced Browsing: Full Selection and Custom Output Format

Select the Results you want and the form of output :

1. Select the field you want to display as rows (required step)
2. Select the field you want to display as columns (required step)
3. If you want to have subcolumns, select the field you want to display as subcolumns. Note that subcolumns can only be selected after the selection of the columns is performed.
4. You can then constraint the search by selecting some of the field in the list box.
5. If a field is selected, it can be used to build the title of the result page by selecting the button "title" in the far right column.

Search Criteria			
Field	#	Values	View As :
	6	Image Manager	<input type="radio"/> Rows <input type="radio"/> Columns <input type="radio"/> Title
	11	Scheduled Workflow	<input type="radio"/> Rows <input type="radio"/> Columns <input type="radio"/> Title
	10	North-America 2005	<input type="radio"/> Rows <input type="radio"/> Columns <input checked="" type="radio"/> Title
	17	All Companies	<input type="radio"/> Rows <input type="radio"/> Columns

The small table just below, is here to indicate the number of rows and columns in the result table. Once you are satisfied with the selection criteria press the button "View Result" to visualize the result matrix (the button "View Result" will only show up after the selection of a content for the rows and the columns : step 1 and 2)
